Dear Jonathan,

This letter is to notify you of the resolution of a report filed by the MIT Police regarding the night of November 3rd, 2019. The report indicated that the officer was called to Nu Delta for a noise complaint and that upon arrival there was a small crowd outside as well as music coming from inside. Based on this information, Nu Delta may have violated the following policies from the MIT Mind and Hand Book and the FSILG Social Events Policy.

Disorderly conduct includes making unreasonable noise, disrupting a lawful meeting, obstructing pedestrian or vehicle traffic, or creating a hazardous situation.

management and capacity policies in the FSILG Social Events Policy. We are satisfied that Nu Delta is aware of the risk management shortcomings that lead to this incident occurring, and that the proper steps were being taken to ensure this would not happen again. It is important to make sure that there is a clear transition of these practices for the next generation of leadership at Nu Delta to continue the work that has been happening in revitalizing Nu Delta's risk management efforts.

This finding of responsibility will be recorded as an organizational warning, which is considered a warning from MIT that Nu Delta's behavior in this situation violated Institute expectations. This warning should prompt your house to reflect on this incident and the behavior. Please note that this letter to file does not directly impose any loss of privileges on Nu Delta. However, if you are involved in any type of misconduct in the future, this letter will be considered in determining how your case should be heard and during sanctioning.

Sincerely,

Daniel Gonzalez Cunningham
